2020! WOW How did a decade pass??

What did you do on New Years Eve??

New Years is my LEAST favorite holiday but my friends and I got together to play LRC. (Left, Right, Center) It was fun but even better because I won one of the games! Not a huge pot but it was fun!!!!

Did you make a Medicare Advantage (HMO) Plan Change during the Annual Election Period of Oct 15-Dec. 7th?

Did you know that has been a new extension called OEP? This period is set for Jan 1st—March 31st. This allows the Medicare Advantage (HMO) clients to make a change to another Medicare Advantage (HMO) if they missed the window during the typical Annual Election. So...if you are a current client,

please reach out to me before March 31st and we can easily review your coverage and make the appropriate change now.

BEWARE OF CALLING AN 800 NUMBER (OR 866, 877, ETC) TO "get all the benefits you deserve". I have recently helped several clients that called this and got signed up with insurance that was not in their city and a doctor that WAS NOT theirs! **Call me for no cost no obligation advice instead!!!**

Yikes — Tax Season AGAIN??

Little known FACT — I do TAXES too!!! 6 years ago I quit my job at a manufacturing company and decided to do taxes for a living. Then the tax season ended and somehow I ended up doing Health Insurance too! Call me if you need a new tax preparer.
