TRY SOMETHING NEW THIS QUARTER!!!!

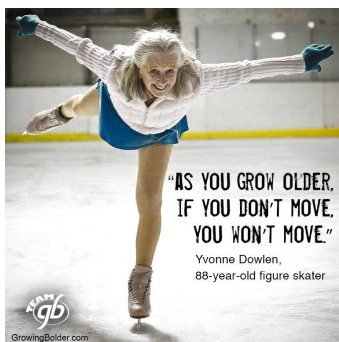

Hiking at Zion National Park
2017

I'm tired of the gym!! Tired of the same old classes and tired of the VERY LOUD MUSIC!! My ears actually hurt when I'm in some classes. So while I was watching the Olympics specifically ice skating, I remembered how much I love it! So I dug out my ice skates which I bought new 10 years ago and went skating!!! Mind you I was very nervous as my balance wasn't what it used to be. But I went and after an hour I was doing pretty good. (FEET WERE KILLING ME) NO twirls or fancy stuff but I did not fall!! So get out there and try some-thing you used to love to do!!

HAVE FUN

Check out this cool website that a friend recommended to me:

www.growingbolder.com Its got great information to get

Moving to Arizona???

Havasu? Phoenix? Flagstaff? Prescott?

Quite a few of my clients are moving out of California. One of the most popular places is Arizona, and why not? Its beautiful! Home of many lakes and the

spectacular Grand Canyon. I decided to obtain my life and health license for Arizona! So if you are moving, give me a call- I can still be your agent!!!

IT WILL NEVER HAPPEN TO ME!!!!

Why don't YOU have LTC (long term care) insurance????

25 percent of Americans who don't have long term care insurance said it's because they don't want to pay for something they may never need. This is the "it won't happen to me" crowd—a crowd who would benefit from learning more about the death benefit provided by asset-based long term care protection in the event the long term care benefits aren't

exhausted. Asset-based long term care may also offer a return-of-premium option if clients change their mind about continuing protection.

Joke of the Month

A doctor tells an old couple at his office he needs to get a stool sample, a urine sample, and a blood test from the old man. Hard of hearing, the old man asks his wife what the doctor said.

The wife replies, "He needs a pair of your underwear."
