POPPY MADNESS

Did you see the poppies this year???
WOW!! My friends and I explored the hills
behind me in Acton and went to the Poppy
Reserve in Lancaster.

Glorious and Dazzling!!!

FINALLY- AN ALTERNATIVE TO ACA!!!

OneShare Health is a medical cost sharing program which serves its members with innovative solutions to the healthcare challenges that exist in the marketplace today.

The healthcare environment today leaves many financially insecure and ill-prepared to handle even routine healthcare needs. Medical cost sharing offers a viable, non-insurance solution to traditional healthcare. With this model, member contributions create a collective model that facilitates the sharing of medical bills amongst members for services ranging from routine everyday care to catastrophic events.

The network of providers is nation-wide very broad, filled with specialists and facilities. I am now a producer for this so call me for information.

TAX TIP

Did you know I am a tax preparer also?? This is not my core business but I do find it fun and different from the health insurance business. So a Tip--

If you cancel a credit card, experience a foreclosure, a loan modification or others you MAY receive a 1099C. This amount will be considered INCOME. Call me or your tax adviser for further details.

JOKE of the DAY —He died of what? Doctor's true story.

One day I had to be the bearer of bad news when I told a wife that her husband had died of a massive myocardial infarct. Not more than five minutes later, I heard her reporting to the rest of the family that he had died of a "massive internal fart."

HAPPY Mothers and Fathers Day

Mine are both gone, but I'm grateful to have had them both for the greater part of my life. If yours are still with you be sure to contact them to tell them "I love you", it means more than you think!!
