Hey Look What I Got?!

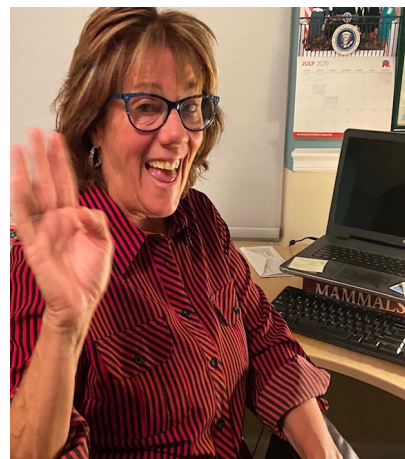

I can't believe I'm 65?? How did this happen?? My birthday is in August and yes I did what I tell all my clients to do. I GOT my MEDICARE card! It was easy.

Corona virus has turned all of our lives upside down. During the year I am usually out and about, seeing clients, visiting medical groups and sitting at kiosks. That has all changed. Most of my activities are not allowed or are very limited right now.

BUT– this is a plus for **YOU**. I am sitting at my desk accepting all phone calls. If you or a friend have a question or just want to chat **GIVE ME A CALL!** 661-212-9171

I'm available!

OTC Benefits (Over the Counter)

Do you use this benefit? Since I am receiving this benefit from my Medicare Plan I encourage you to do so too! There are cold remedies, allergy, and first aid supplies available to you-just to name a few. OTC is a quarterly benefit, with most carriers if you don't use it then you lose it for that quarter. If you do nothing else use it to get First Aid supplies for emergencies. Call me if you need help with this benefit. It's a good one!

Virtual Enrollments and Changes

My favorite part of this business is meeting everyone in person and chatting. But right now that is not always feasible. You might wonder how Open Enrollment will work this year. Not to fear! All of the carriers have diligently worked to innovate new ways to have Corona Free enrollments. I can enroll/change your insurance via email, telephone, esign (document sign via email) snail mail or IN PERSON! I do not think that the virus will leave us before the end of 2020 so please know that everything we do in person can be done a different way. I'm in my office now much more than in the past so if you have ANY questions PLEASE CALL ME!!! 661-212-9171

Stay Safe and Healthy out there.

DIP YOUR HEAD IN A BUCKET

EAT A POPSCICLE!!!
