GOOD RIDDANCE 2020

I found these pictures in my files and had a good chuckle—I FEEL LIKE THIS!!! Wow what a LONG year 2020 was. What a weird year. I don't think any of us have experienced anything like it in our lifetime. Instead of dwelling on all the negatives I decided to put a couple of funny pictures in this letter. Opps I forgot about toilet paper!!!

TV ads— I know the ads say “Are you getting everything you need?” \$0 for dentist, \$0 for hearing aids, \$0 for vision...and so on. BUT the old saying “The devil is in the detail” is still true. Please Please call me for clarification on ANY question you have. Nothing is FREE!!

Did you know what an SEP is? This is a Special Election Period. There are many different ones. Moving, losing or acquiring Medi-cal or Extra Help are an SEP. Right now it is **OEP**. (a special election period) These special times allow you to change your Medicare Advantage Plan if you missed the window in October to December **YOU CAN STILL** change. So....please reach out to me before March 31st for a plan review to see if you want to make a change.

Can I get my \$144 back like Joe says????

There are a few carriers that offer something LIKE this. It is not as good as it sounds (of course). Your benefits decrease greatly for very little return to your pocket. Call me for details.

Do you take Insulin?

Medicare worked with Trump administration to lower prescription drug prices! This is NOT FAKE NEWS! 2021 MAPD plans have lowered prices for insulins!! Vials and Quikpens!! **Humalog, Humilin, Lantus, Lymjev and Youjeo** are a few. Also some inhalers like **ProAir** are now Tier 2 not Tier 3!! This is the best news I can give my clients. Call me and we can see if you need to switch plans or if your plan already has this benefit!!!!
